Taylor corp. pre-paid cash cards unlimited (Title)

Abstract

A Taylor pre-paid cash card, is a card spent as cash at any market that has a scan system to except it. A safe way to carry large amounts of cash in a card. The value of the card is worth what you pay for it, less a small user fee. As the card is spent, a receipt is given for amount spent , and a remaining balance. Use it up, throw away the card and buy another. A cash card used by means of electronic transfer. A plastic card carried in your wallet. The cards have a pin # and printed numbers with a magnet stripes to identify card value. Assorted colors for priced cards with a bar code on the front. Cash Cards have company information and a secondary bar code on the back. A all public cash card, bought and sold to all the public, by public markets.
